

GUSTAFSON TRIAL STARTS MONDAY

Suspended Chief and 2 Officers Accused of Dereliction

Forthcoming Book Expected to Stir British Society

MEXICO MAKES TRADE EXHIBIT

Show Is Opened in California City for the Prospectors

LOS ANGELES, Cal., July 9.—The Mexican government has opened here its first permanent agricultural exhibit in the United States.

It consists of a display of Mexican products gathered from all sections of the republic and fills an entire floor of a downtown office building.

The exhibit was designed to appeal to the prospective investor in Mexico. Connected with the display, which is similar to the exhibits of a chamber of commerce, are officials who furnish information to those contemplating starting business with or in Mexico. The exhibit was put in through Samuel G. Vazquez, with the Mexican department of agriculture and development.

The move is announced as an evidence of Mexico's determination to redeem herself as a great productive nation and as one of the first steps in the Oregon administration's program to branch out into commercial centers of the United States and to call attention to Mexico as a land of commercial opportunity and promise.

The two officers were accused of conspiring to knowingly collect in excess of \$100,000 in stolen cars and of dereliction of duty while in office. It was believed that all trials will be held Monday. The general opinion is that the trials will extend into Tuesday.

Chief of Police W. B. Waddell and his assistant chief, Williams, who were also accused by the grand jury, will be tried Wednesday. Judge W. C. Ward. The two men were accused of allowing boozing and gambling joints to run freely in Seal Springs.

A long list of witnesses has been summoned by the state in all of the cases, but it is the general belief that much of the testimony will be short. Much testimony admitted in a grand jury hearing will not be admissible in a jury trial; it is said.

CRUDE OIL HELPS MILK AND ICE FUND

CONTINUED FROM PAGE ONE

of seeing that Tulsa's needy little girls get a square deal.

The largest single contribution to the fund yesterday was a check for \$12 received from the employees of the Lyons shoe store. A group of guests at the Ketchum hotel made up a purse for \$25 for the fund, and there was one gift of \$5 that came all the way from Ohio.

U. S. ORDERS BIG BALLOONS

Ohio Rubber Concern Announces Contract for Observation Bags.

AKRON, Ohio, July 9.—Closely watched anniversaries of the balloon factories have increased annual production to 65,000 casing and 75,000 tubes daily, the Goodyear Tire and Rubber company today announced. It has government orders for three large dirigibles and 38 observation balloons for army and navy use.

The latest and resulting shipments of 15,000 cubic feet gas capacity each will be built for the navy. A dirigible of similar size but special design will be delivered to the army. This ship will have a speed of 60 miles and hour. It is said, tire production is now 85 per cent of the 1919 peak figures.

GIRLS FIGHT FOREST FIRE

Student Body of Elite School Is Commandered to Battle Blaze.

STURGEON BAY, Wis., July 9.—For three hours yesterday 150 girls from Camp Meemah, a summer school and camp, fought flames which threatened to consume the 3,000 acres forest of the Peninsula State park.

Everett Valentine, hotel manager, saw the flames enveloping an acre of small growth and turned to the girls camp for help. The girls members of prominent families from all parts of the United States dropped pants, garments and books and readied rifle. They formed a long broken line and passed water from Sturgeon bay to the burning shrubbery.

When the girls turned back to save their aching muscles, the flames had been cut off from the main tract and the danger was over.

RAIL COMPROMISE NEAR

Rocky Mountain Reach an Agreement This Week for Paying Claims

WASHINGTON, July 9.—The administration is on the point of entering into a compromise agreement with the railroads on their claims against the government growing out of government control of the roads. It was learned yesterday afternoon following conference between the president and cabinet heads.

The compromise agreement provides, it was learned, that the government will advance a sum of \$100,000 to the railroads for rehabilitation purposes, taking their bonds in exchange, and that the claims should be left to individual adjustment to be finally written off against the loan.

Administration leaders expected the compromise to be effected within the week.
